I have done my best to understand my duty in State affairs. I can't indorse Mr. Taylor's course and to vote for Yerkes would be to indorse all the lawlessness of last winter.—J. P. MILLER.

## IT'S A SIMPLE STORY.

Our contemporary, "A. G. Benton," is averse to going in, even when the door is locked and barred. It would occur to reasonable men, to men of ordinary intelligence, that the "half-pint story," the "A. G. Benton letter scandal," which the Herald SCRIBE is guilty of in the first degree, would send forever the mouth of the guilty, yet it does not. Perhaps it is because the SCRIBE has been in "Sleepy Hollow" the past two years, asleep, and has not yet learned of his plight condition. So far as that "half-pint" matter is concerned, we need only to remind the "consumer" that it was to prove him and unmitigated liar in his own language, and defend the good name and standing of a young man, against the infamies of this SCRIBE's slanders. If desired the article in question can be reproduced for the asking.

As for the "A. G. Benton" letter, everyone acquainted with the case, knows that it is an offspring of illegitimate parents. The principles being Heber Matthews, of the Herald, and Wm. Holt, of the Beaver Dam Gleaner, secondary or assistant. These gentlemen have been caught in the most infamous conspiracy conceivable by the basest and lowest characters in human form. We caught them in the attempt to slander our other self's private character and defeat him for nomination for the Judgeship which he sought, and have held him up to the public as instruments of Satan to accomplish a purpose, desired by those of their clan. These are facts which Messrs. Matthews and Holt accept as true, being unable to do otherwise. The character guilty of such a crime is presumed to vilify and damn the righteous, hence the conduct of the SCRIBE.

Concerning the matter of procuring the editorial from the Herald of '94, we need say only, that the article could be found, no where, save in the Herald office and circumstances were such that we were indisposed about going ourselves, and sent a very estimable young man, and by the way THE REPUBLICAN would furnish this SCRIBE any editorial contained in THE REPUBLICAN without vilifying and abusing him. Now, really, why should a man rant and rage over such a little trifling matter, when our only purpose was to inform the public, from a Democratic source, that Jas. P. Miller sold out the People's party in '94 and accomplished the defeat of the Hon. A. B. Montgomery for Congress.

We have no apologies to offer and not a word to recant for anything that THE REPUBLICAN has said or done in the matters of "A. G. Benton," "half-pint story" and the procurement of the editorial from Mr. Ringo's files, charging Jas. P. Miller with bartering and selling out the Populist party. It's a simple story with which the good people are quite well acquainted. It is all a matter of fact accepted and acknowledged by the guilty SCRIBE.

## THE SCRIBE AND OTHER FAIRIES.

The hand organ at this place, edited by "General A. G. Benton" and various other fairies, has been cavorting for some time about "Court House Ring," "Top Lineism," "Machine Politics," and things like that, clamoring for purity in politics. It will be remembered that THE REPUBLICAN has challenged the SCRIBE time after time, for a discussion of politics. We have demanded that it defend the records of its candidates, especially Messrs. Miller and Smith and it absolutely refuses to talk of these things and hoping to get just one more pull at this SCRIBE, challenged it to go into a general clearing of both parties, and when the end came, we would have better management and better government, in either party. The very thought of an argument—a challenge—set the SCRIBE going and he has never had time to stop long enough to accept anything.

The SCRIBE has had a deal more to say about the top line business than anything else, as a matter of course, for the sake of argument, we asked it, the SCRIBE, to advise us of one vote that was lost through fraud, and it fled the realm and like Peter, declared "I never knew you, get thee

behind me Tom Jeff, and as for you, Jas. P., I can't defend you, that T. F. Crowder letter published in last week's REPUBLICAN seals my pen in to say nothingness, therefore, gentlemen, I can't defend any of you."

We do not blame Mr. "Benton" for this wise course, but he ought to defend his party in its convention, or else shut his head about other folks. We have charged the SCRIBE with having been in the "combine" that defamed Mr. Rowan for County Judge with a Populist. It was asked to explain the matter for the benefit of Mr. Rowan and his friends and it sulked as the opossum and would not even show its false teeth. THE REPUBLICAN stated last week that it did everything in its power to educate the voter for the primary, it stated that 2,500 educational ballots were published and that the ballot was published on the editorial page two weeks next preceding the election and to our surprise this SCRIBE did not deny any part of our argument. We have asserted that not a single vote was lost through fraud and the SCRIBE accepts it unconditional.

Now, since the Herald SCRIBE is so anxious for an investigation of matters political here in Ohio county, it will have an opportunity, as for the top line, it will remain right where the people put it, and November 5 will advise this SCRIBE that "A. G. Benton" have no place in politics. Will the Herald dare to explain why the Democratic machine did not call a primary, or a precinct convention? Why did the machine call a mass convention in Judge Miller's home to slaughter a true Democrat with that list of March Populist ORATORS? That convention was a cut and dried affair—everything was slated and set before the SCRIBE. That "combine" formed between Miller and Smith did just what it was chartered to do. If Mr. Smith had desired a Democrat nominated it was in his power to have it, so, since he had the thing in his "vest-pocket," there is plenty of explaining for Mr. Smith and the SCRIBE, but when they go into it, the "damned good lickins" should be cloistered before venturing in print.

To make a long story short, the Herald's editor has nothing about which to talk, he can't defend his party platform, neither the condition nor the party's record, hence he was forced into the "top line" boog-a-boo, thinking that he had the winning card—he has broken his fool neck on that, and is now called upon to defend the actions of his own party in convention, or in allowing Mr. Smith to dictate the party's course. Silliness, weakness and diluted ignorance and the most insolent bigotry, have marked every forward step of the SCRIBE. These are facts, kind reader, submitted without question from any source.

## NOTHING IS LEFT TO CHANCE.

When the fact had been made known that the jury was composed of 21 Democrats and 3 Republicans, THE REPUBLICAN deemed it wise to advise the public, and did so without assailing the character of any man, or passing any unfavorable comment on any citizen of the county. THE REPUBLICAN simply reviewed the actions of the Jury Commission in this "game of chance" business, which is directed in Kentucky by some god, invariably in favor of the Democratic party. At the last election there were 3,251 Republicans who voted for Wm. McKinley, and 2,889 Democrats who voted for Wm. J. Bryan. Instead of 21 Democrats and 3 Republicans constituting the recent jury, it should have been composed of 14 Republicans and 10 Democrats, according to justice and ordinary rules of chance, but, alas! and alack, here in Kentucky nothing is left to chance.

When the contest board was drawn to try the contested election for Governor in 1900, this game of chance gave birth to 10 inflated partisan Democrats, who were already pledged to turn out victory, while only one Republican was drawn. This was purely a matter of supposed chance. These men held that no election had been held in Kentucky, therefore, as the courts were Democratic, from the Circuit to the Appellate, they would thus restore the crown of State Executive upon the Democratic party, and the courts would hold it legal. As a matter of fact things went thus and Governor Taylor, who had a clear majority of 2,383 votes, was dethroned and driven from the State, while \$100,000 was appropriated by this irresponsible legislature, "to hang Taylor and damn the Republican party." This was done right here in Kentucky while the people stood in their terror and amazement, wondering if such things could be in a civilized land of cultured and refined people. While this was going on and after it had been accomplished, the Herald SCRIBE and the ASSUMED SCRIBE, were most zealous in their defense of the whole coture of criminals and criminal procedure.

The selection of this gubernatorial contest board may have been a matter of chance, but the evidence in the case certainly does not concur in the assumption. Here we have an example of political trickery in the legislature. We elect a member of that

body this fall. Mr. M. J. Cox is the Democratic candidate and we sincerely trust that there would be no breach of genteel manliness in asking Mr. Cox if he indorses the actions of the last legislature in overthrowing civil government. Mr. Cox, the question is yours. Do you indorse it?

Not satisfied with having robbed these men of their offices, these same fellows, who are before the people as Democrats, asking the people to make them their county officials, clamored for the execution of Powers and endorsed the selection of twelve Democrats to try him at the bar, and the rulings of a nominal Judge, virtually rendering the verdict in the case and yet these fair famed, "no politics in it, boys" are pleading for the public to forget their conduct, forgive their short-comings, look over the inflammatory paintings flourished in the recent campaign—the Beckham procession—blot out the legislative records of Thomas Jefferson Smith, excuse Judge Miller's indictment against every man that voted for Mr. Yerkes, as an "cut-lar," endorser of lawlessness and assassination, these things are asked in the name of Democracy and in the face of the contest, the persecution of Caleb Powers and the overthrow of civil, social and judicial equity.

We have charged this procedure as being foreign to Americanism, the most foul and polluted deeds of the anarchist, bigotry and intolerance, pure and simple. We have said nothing disrespectful of any gentleman. We have brought no charges but that can be substantiated by truth. THE REPUBLICAN said nothing derogatory of any member of the jury recently empaneled, but simply put before the public the actual work of the commission as it stood 21 to 3 and no man disputes it. For doing this and nothing more, as our readers will bear us witness, the SCRIBE, generally known as "A. G. Benton," has this to say, in part, about our humble servant, gentle reader:

Some time ago the wretched individuals who grind out political screeds for the machine newspaper in Hartford, devoted a column of abuse to Democrats because it claimed to have discovered that a majority of the jury-men at a recent term of court here were Democrats in politics. It is natural, of course, for a man who colors his own official acts with his vindictive politics to accuse every official of his kind.

If this gentleman, this author of anonymous and criminal letters, this defender of official force and fraud, had desired that the public be enlightened, he should have challenged our statements and thus proven to the public that he wanted to see the fair thing done. There is nothing in this sort of newspaper work and a gentleman ought to have more respect for his duty to the public. Here we have set forth the facts in the case, this SCRIBE excuses and dismisses all, save his usual tirade of idiotic foolishness.

## THAT TWO WEEK'S PAY BILL.

We have at different times called the attention of the laboring men of this county—especially the coal miners—to the actions and conduct of Mr. T. J. Smith, when he represented Ohio county in the legislature of '94. We desire again to call the attention of our friends—the laboring men—to the fact that we are now in possession of the House Journal of '94, which records Mr. Smith's vote on the "Two Week's Pay Bill." We also called Mr. Smith's attention to this fact last week again. Gentlemen on trial, brothers in the struggle of life against corporations of oppressing the laborers, let us reason together.

In 1894 a bill was introduced in the Kentucky Legislature to the effect that coal diggers and other laborers and employees of corporations should work a period of eight hours which was to constitute one day's work, at the end of the 12th day these hardy laborers were to be paid according to this bill. According to rules governing the passages of laws, they are to be read and voted on the third time, before they can be published. The time came for the third reading of the laboring man's law, but before it could be done, a majority of the assembly should vote in favor of its reading, the yeas and nays were called for on this bill and Mr. T. J. Smith, the present Democratic candidate for Clerk voted against the third reading and killed the bill so that no copy is preserved in the House Journal of '94.

Do we have your attention, laboring man? Keep right along. The record of Mr. Smith's vote against you, your interest and the interest of your wife and babes was published some time since in THE REPUBLICAN, or a synopsis of his voting, for which Mr. Smith promised us, (in his own language) "a damned good beating." We consider it our duty, as a public servant, to apprise you of this fact, not thinking of eliciting from the would be Clerk, any such intimidating threats, in fact, caring nothing whatever for them, as for that matter, but since we have only advised you of this fact and are to be exterminated with a "damned good lickin'," may the same calamity not be visited upon you because you will not support such a man? Here is danger, gentlemen, beware.

We are thoroughly in sympathy with the coal diggers of this country and cannot understand why Mr. Smith is against them and the fact that he voted against their "Two Week's Pay

Bill" is astonishing to reasonable men. Mr. Smith did you vote against the miner because he is not your equal, in your own estimation? Certainly not this, for a more liberal, fraternal, generous, kind-hearted fellow you seldom ever see. Then what was your motive Mr. Smith? Laboring men watch for the answer, it will appear in these columns whenever it is given.

The Republican State Central Committee decided a very important question, at its meeting the 17th inst., which is of vast importance to the party in the State. A motion was offered by Maj. A. T. Wood to dismiss the present county committee of Jefferson county without charges preferred, empowering the State Central Committee to appoint a committee of 15 men, who should have charge of the party in Jefferson county. The committee wisely voted the question down. Had it carried it would have been a dangerous precedent that would have eventually buried the party in disgrace forever. Had this precedent been established, the State Central Committee could have at pleasure dismissed any county committee without cause or provocation. When this motion was voted down another was submitted and carried which ought to adjust matters to the satisfaction of all factions. The State Central Committee appointed five reputable Republicans outside of any and all factions to confer with the same number of other gentlemen appointed by the county committee of Jefferson county to direct the convention, which is to be held there to-morrow. This is a fair proposition and should meet the hearty approbation of every Republican and we sincerely trust that this compromise committee will conduct the convention so fairly that the rabid lying mugwump and demagogue can find no fault therewith.

The Republican party offers the county a ticket composed of young men of the highest type of Kentucky manhood. They are Republican in faith because they believe in the principles. They have, every one, come from the farm and are friends of the laboring man. The candidate for Judge has no Fourth of March oration to a Nineteenth of July declaration to buck and gag him, he is not a "wish-a-wish" politician, but a straight-forward party patriot, firmly imbued with the spirit of Republicanism. The candidate for Clerk is the poor man's friend, he has no ball and chain clung to his limbs, no manacles to "string-halter" him. He is clear of '94 legislative records and is not burdened to death with office holding. He is not rich, but a poor laboring man. The candidate for Sheriff has nothing to account for like other people we might mention. As for the other members of the Republican ticket they are head and shoulders above anything the Goebel-Democracy have offered.

A clever gentleman called at the Herald office the other day and asked to see an issue of the "combine candidate's" output. When asked his reason, said: "Well, I just wanted to see if you were putting out a blank paper. I understand you want argue a point, nor defend your party's platform, nor their conduct and character, I therefore, had a desire to see myself, and the SCRIBE had a fit of 'madden inebriety.'"

**Deafness Cannot be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflated you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

**Tragedy in Rowan.**  
Morehead, Aug. 20.—Harvey Moore, former Marshal of Morehead, and brother of the present Marshal, James Moore, shot and instantly killed Fian Tolliver, aged sixty-five years. Moore escaped to the woods. He shot at his wife a few moments before he killed Tolliver. Tolliver had stabbed Howard Moore, Harvey's brother, on the Fourth of July, and the feeling between the two men was bitter.

## GOOD ADVICE

To Republicans all Over the County—Rebuke Miller and Smith.

August 21.—A revival meeting has been going on at this place for several days, conducted by Rev. C. J. Kelly. While the interest has not been so good, we hope lasting good has been done.

Mrs. Campbell, daughter and two sons and Mr. John Crowder, of Rosine, attended church here Sunday night. Mr. James Leasure is on the sick list.

Well, such a majority you never heard of, as we are going to give the Republicans this fall, for you know it has been said that the "mamey and brains" were in the Democrat party, and it must be true, and to deny it would never do so let them have it: we have the voters and of course when they allowed Judge Miller to get his big foot on their necks, that he would choke them to death. So Tom Smith and his army record and the two weeks pay bill, that he voted against, and the Judge voting the Republican ticket so long, when he says he knew he was doing wrong all the time, then when he did come out he branded the Republicans as murderers and assassins, so we don't know what they will resort to next, to help kill themselves. So come on boys, and help bury them on the 5th of November. We will bury them so deep that we cannot hear them weep. X P.

## Chinese Leper Isolated.

A Chinaman who has a well-developed case of leprosy has been found in St. Louis, and is now in the custody of the health department, the officers of which are trying to determine what shall be done with the patient. The Chinaman, Dong Gong, has been engaged in the laundry business at 4815 Easton Avenue, and the case was discovered last week by Dr. M. F. Engman, when the Chinaman applied at the St. Louis polyclinic, Lucas and Jefferson Avenues, for treatment for what he supposed to be a skin disease. The physician diagnosed the case as leprosy at once, and turned the patient over to Dr. Fallier, 3953 Fifth Avenue. Dr. Fallier is the pathologist of the skin department of the polyclinic, and his examination of the Chinaman confirmed the diagnosis made by Dr. Engman. The attention of Dr. G. A. Jordan, chief dispensary physician for the city, was at once called to the matter, and the Chinaman was taken into custody, and has been isolated ever since.

Dr. Fallier stated that in his examination of the Chinaman he discovered two lepra bacilli in the nasal secretions of the leper. "This is sufficient," he said, "to establish without a doubt Dr. Engman's diagnosis of leprosy. The patient's cheeks and forehead are badly broken out, while on each side of this nose and on his chin are patches of eruption. He has eruptions on his right arm and in places about his body. It is a peculiarity of the disease that the first symptoms may appear years before the skin eruptions follow. This man states that he has resided in St. Louis for ten years, and that he became directly here from China. It is quite possible that he was afflicted with leprosy prior to coming to this country, and that the disease has been working in his system in his peculiar manner during his entire residence in St. Louis. He has been bothered with skin eruptions for the past five or six months."—St. Louis Globe-Democrat.

## ECZEMA'S ITCH IS TORTURE.

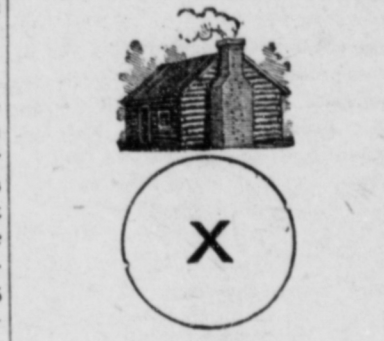

Eczeema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczeema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes and other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

## BAD FORM OF TETTER.

"For three years I had Tetters on my hands, which caused them to swell to twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. Four doctors said the Tetters had progressed too far to be cured, and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was a great relief to me, and I have never since had any trouble."—Mrs. L. B. JACKSON, 1411 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cools the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes soft, smooth and clear. Cures Tetters, Erysipelas, Eczema, Salt Rheum and all skin diseases due to a poisoned condition of the blood. Send for our book and write us about your case. Our physicians have made these diseases a life study, and can help you by their advice; we make no charge for this service. All correspondence is conducted in strict confidence.

## ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

ABSOLUTELY FREE ON RECEIPT OF POSTAL. WRITE YOUR NAME AND ADDRESS PLAINLY.

## CHAINED FOR TEN YEARS

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails. The Rev. C. F. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle!"

Rev. Dr. Morris Wechsler, Rabbi of the Cong. B'nai Israel, New York, Jan. 3, 1901. Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours, REV. DR. MORRIS WECHSLER.

Avon Springs, N. Y., Feb. 4, 1901.

Dr. Taft Bros. Medicine Co. Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th Street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma had disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHILIPS, M. D.

Dr. Taft Bros. Medicine Co. Feb. 5, 1901. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address 235 Rivington street S. RAPHAEL, 67 East 129th st., New York City.

## Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but simply because they must. They know they are irritable and fretful; but they cannot be otherwise. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffiness, flatulence, headache, heartburn and what not. The effective remedy, proved by permanent cures of thousands of severe cases, is

## THE GASPER RIVER

Association Held at Slaty Creek Was a Splendid Success.

The Gasper River Association, which was held at Slaty Creek Tuesday and Wednesday, was a complete success in every particular. Many of the ministers who attended, declared that it was the best association they had attended in years. The good people of Slaty Creek acquitted themselves with praises from all who attended. They spread the very best of tables each day and the visitors were royally entertained at the homes. But nothing else was expected of the Slaty Creek folks, than a royal good time for all who passed that way.

The Baptist people met and "howdy'd" with the Methodist and the Presbyterian and the Christian and so on, extending to them a most cordial welcome and greeting them in that way which makes a Kentuckian famous the world over. Many divines from various sections of the country were in attendance and expressed themselves with gratification at the hearty welcome received at the hands of the open, free-hearted, generous, countrymen.

Many fond memories of this grand meeting will follow, numberless persons throughout life. The results of such a religious gathering of the faithful will evidently be productive of great and lasting good.

The association adjourned Wednesday evening to meet next year at Barnett's Lick, Butler county.

The Ohio county Baptists will meet in Hartford sometime in September to organize an association of the Ohio county Baptist churches.

**Church Dedication.**

The M. E. Church, South, at Taylortown, two and a half miles North of Rochester, will be dedicated on the third Sunday in September by Rev. W. K. Piner, of Bowling Green. He also delivers his lecture on Saturday night before the third Sunday. Admission 10c and 25c.

**Mrs. Beckham Seriously Sick.**

Frankfort, Ky., Aug. 22.—At 2:30 o'clock Thursday morning the temperature of Mrs. Beckham was 102 and pulse 118. Dr. Owens said that she had slept at intervals since midnight, and he thinks she will rest well through the remainder of the night. He still regards her condition as critical. He is alone on duty with the nurses. Upon the advice of the physicians Gov. Beckham retired to his room for rest.

Frankfort, Ky., Aug. 21.—Death hovers over the Executive Mansion and may touch it within a few hours. Jean Faqua Beckham, whom the Governor led to the altar only last November, and the mother of a daughter five days old—the first child born in that historic structure—is the stricken one.

Mrs. Beckham suffers from septicaemia, complicated by nephritis. Around her bed chamber are gathered to-night those closest to her and to her young husband, watching and praying for a change for the better. All that medical skill and trained attention can do to call her back to health and to her devoted husband and her child is being done for the sufferer, and her strong physique and determination to recover are believed by those more hopeful to be potent factors in fight with death.

Mrs. Beckham was stricken just at a time when her physicians believed she was on the road to recovery. The change came yesterday afternoon, but her condition did not become alarming until to-day, when Louisville specialists were summoned by special train for consultation.

The attending physicians are Drs. E. R. Hume, of this city, and C. C. Owens, of Maysville, and those called in for consultation are Drs. A. M. Cartledge and Frank C. Simpson, of Louisville. The Louisville physicians arrived shortly after noon and remained constantly in the sick room during the day. Dr. Simpson left on a late night train for Louisville, because of other engagements, but Dr. Cartledge will remain until there is a change in the condition of the patient.

Though suffering much the sick woman's brain has been remarkably clear and she has displayed much bravery, say those at the bedside. Her highest temperature during the day was 106.2 and the lowest 104.3. The pulse registered 120.

Rev. J. T. Acton, Sulphur Springs, made us a pleasant call yesterday.

We seen a prohibition speaker argy'n' agin licker and quotin' from the Bible. We air a deekon in our church and hev read the good Book from end to end. That is only one man spoke of who called for water and he was in hell where he orter be. —Hardean (Tenn.) Free Press.

**Thousands Wed Illegally.**

Indianapolis, Ind., Aug. 20.—Investigation into the execution of Indiana marriage laws following the action of the Attorney General in the Jeffersonville "Gretta Green" cases has developed that the laws are not being obeyed in nearly every county in the State and thousands of illegal marriages are being solemnized every year. Few County Clerks require an affidavit that the female resides in the county as the law requires. The Attorney General says every license issued to non-residents is illegal and the clerk, justice or minister can be prosecuted in each case. The license must be issued in the county where the female resides to make it legal and the marriage binding.

**All Under Five Years.**

Mrs. Frank Osborne presented her husband Tuesday night with triplets. The children are all perfectly formed and healthy. Mrs. Osborne has on two occasions previous to this presented her husband with twins. The seven children are all living and the oldest is not five years of age. In addition to this remarkable brood, she has borne four other children. Mr. and Mrs. Osborne live near Grahampton. For a number of years they lived at Rineville and he is a brother of Mr. Wm. Osborne, of that place. Mrs. Osborne was a Miss Aylsworth, of Grahampton, and has a large connection in Hardin and Meade counties.—Elizabethtown News.

Where the digestion is good, and the general powers of the system in a healthy state, worms can find no habitation in the human body. White's Cream Vermifuge not only destroys every worm, but corrects all derangements of the digestive organs. Price 25 cts. J. H. Williams.

Send us 25c and get THE REPUBLICAN until after the election.

A newspaper at Columbus, O., had a strike of its four reporters, and the paper had to stop. The publisher granted the terms of the men and begged them to come back, which they did. They ran things with a high hand, and he dismissed them. They refused to be dismissed and went on with their work. He ordered that their pay be stopped, but the business office could not do without the paper, and it paid the men. The editor will not print the stuff the fellows write, but they write just the same. It is a situation the like of which was never heard of before, and which could never happen anywhere if the editor and publication had an ounce of sand in a ton of makeup.

For 25c you can have all the county news until November 10, a rare opportunity.

## SIXTEEN DROWNED

Steamer City of Golconda Capsized by Squall During Severe Storm.

There were Seventy-Five Passengers on Board Most of Whom Were Eating Supper.

Owing to its Closeness to the Shore Many People Were Able to Swim to Safety.

Paducah, Ky., Aug. 19.—The steamer Golconda, bound for Paducah, was capsized in a storm on Cottonwood Point, four miles above Paducah, at 6:15 p. m. to-night. She carried seventy-five passengers, sixteen of whom were lost.

During a gale the pilot tried to land on the Kentucky side. He struck a reef and signaled the engineer to back. The engine failed to respond, it is believed. The crash came and the boat was turned completely over and settled down. Those who escaped clambered to the high side of the boat and were rowed to shore in skiffs. Parties rowed to Paducah, and rescuing parties started for the scene, but could do nothing but bring the survivors to this city.

Paducah, Ky., Aug. 19.—The steamer City of Golconda, plying between this city and Elizabethtown, Ill., was struck by a squall during a storm about 7 o'clock to-night as she was en route to Paducah and turned over in ten feet of water, six miles above the city, as she was going into Crowell's Landing. Sixteen persons are reported drowned. The disaster occurred as supper was being served, and many of the seventy-five passengers were in the cabin. The wind struck the boat without warning and there was no time for those on the inside to escape.

Capt. Jesse Baner and Pilot E. E. Peck were the last to leave the boat and swim ashore. They saved several people struggling in the water, and left the survivors in a house near the bank and came to the city.

Capt. Baner, who arrived here two hours after the catastrophe, said:

"The boat was getting ready to land when the squall struck her and she listed. Several passengers who were inside jumped overboard and were caught by the boat. The ladies, all of whom were in the cabin, could not be reached. The boat settled down in ten feet of water over a reef and two of the men who were in the cabin—H. E. Worten and N. S. Quarterhouse, of Hampton, broke through the glass and were saved. Three colored deck hands saved a woman and child, and I think she was the only woman saved. A yawl that had broken loose was caught by some of those struggling in the water and taken to the bank. We returned to the boat on this, but could find no signs of life, and returned to shore."

The boat was valued at about \$2,500, and had been in the trade for several years, being owned by Capt. Otto Baner, of Golconda, Ill. There is no way to determine the number of names of the dead until the boat's names are found. Capt. Peck places the number at 16. The Mary N. left soon after the survivors reached the city for the scene and is expected back to-night.
